GRAMMAR SCHOOL HALLOWE'EN PARTY

The Hallowe'en party given by the pupils of the Sonoma Grammar School was a delightful success and reflected the spirit of the weird, though joyous holiday in fanciful costumes, characteristic decorations and all the revelry which makes Hallowe'en time the jolliest eve on the October calendar.

The auditorium was crowded with pupils in costume and spectators. There were program numbers by clever young people between the dances and a grand march in which all the costumed participated. The Foxy Four furnished music for dancing.

Following were the program numbers:

Piano solo—Robley Harbort.
Vocal solo—Gladys Fox.
Fancy Dance—Peggy Mollerus.
Violin solo—William Rambo.
Vocal solo—Lorene Arlington.
Character recitation—Viola Cantoni and Isabel Ruefi.
Piano solo—Carolyn Wade.

Prizes were awarded as follows:
First girls' prize—Autumn—Coutess Prestwood.

First boys' prize—Sir Walter Raleigh—Elizabeth McDewitt.

Best character—Old Witch—Maxwell Johnson.

Among the best sustained characters were Jiggs and Maggie Jiggs, depicted by Jane Eberhardt and Beatrice Boyd. A beautiful Scotch Highlander costume was worn by Alois Prestwood.

Cowboys, witches and Indians added to the colorful picture.

The refreshment committee served delicious "eats" to over 200 present.

EASTERN STAR DANCE ARMISTICE NIGHT

The Valley of the Moon Chapter, Order of Eastern Star, gives its Armistice Day celebration next Saturday evening, a dance at Union Hall, with entertainment between dances, promising a big attendance.

There will be bazaar features to aid the building fund.

GOLDEN WEDDING OF EL VERANO COUPLE

Mr. and Mrs. A. McGill Celebrate Fiftieth Anniversary of Their Wedding on Tuesday.

Mr. and Mrs. Alex McGill of El Verano celebrated their golden wedding day this week. The fiftieth anniversary of these highly esteemed old residents of Sonoma Valley was the occasion of a joyous family reunion, a dinner party and informal evening reception, attended by friends, neighbors and out of town guests.

The happy couple, who are enjoying excellent health, were the recipients of many presents and hearty congratulations from their family and those who called to shower them with good wishes. Mr. and Mrs. McGill were married at Jefferson City, Missouri in 1872. Mrs. McGill was formerly Miss Margaret Schaffel. They came West and settled in Sonoma Valley in 1876. With his brother, P. L. McGill, since deceased, the family located on the ranch where now stands McGill station. Here the family was raised, nine children blessing the union, seven of whom are living. The children are all grown and are a credit to these good parents. The daughters are Mrs. John Love (Mary McGill), Margaret and Stella McGill of El Verano; the sons, Robert of Sacramento, John of El Verano, Arthur of Petaluma and Richard of Roseville. The sons residing in Sacramento and Roseville are well known railroad men.

Among out of town friends here for the golden wedding were Mr. and Mrs. Jos. Higgins and daughter Eunice and John Reid and daughter, Lucile, all of Antioch.

The evening, given over to the joyous celebration of the anniversary was attended by Frank McGill and son Stanley, of Schellville, nephew and grand nephew of the El Verano couple.

May they live long, be blessed with good health and prosper is the wish of the Sonoma Index-Tribune.

LOUIS CORDELL MET TRAGIC DEATH

Louis H. Cordell, husband of Sadie McHarvey Cordell and father of five children met a tragic death in an accident at Brawley, in the Imperial Valley, according to word received here by L. H. Green, secretary of the local Camp of Woodmen. Cordell was a member in good standing of Bear Flag Camp W. O. W.

No details of his tragic death was received other than the telegram sent by his wife, announcing his sudden death. Cordell was about 50 years of age and a veteran of the Spanish-American war. He was married here in Sonoma about twenty years ago to Miss Sadie McHarvey, of a pioneer family. The couple resided here many years where they reared their family. About five years ago they removed to the Imperial Valley, where Mr. Cordell was connected with the water plant at Brawley. He retained his membership in the Woodmen and his family will get \$2000 insurance from that Order.

ANNUAL BALL OF N. D. G. W. SUCCESS

Union Hall never looked prettier than with the grape foliage of autumn and Hallowe'en colors used as decorative effect for the Native Daughters' ball last Saturday night. A mammoth yellow lantern from which hung spiders and miniature black cats was hung in the center of the hall and the lights were covered in orange and black paper, adding to the Hallowe'en effect.

A large crowd of dance lovers, both of the young and older sets participated in the joyous evening. The music was excellent and the refreshment committee provided liberally for the "eats" at midnight.

President Mae Chase and the various committees pronounce the party a financial success.

A TRIBUTE TO MISS LOUISE CLARK

Editor, Index-Tribune,
Sonoma, Calif.

As a tribute to the efficiency, loyalty and worth of our teachers of the past two years, we, the parents, taxpayers and residents of Glen Ellen and Eldridge district, wish to state the following facts:

Two years ago, owing to a shortage of teachers throughout the state, the people of Glen Ellen could find no teachers suited to the needs of the school, and as there had been no discipline for some time, the morale of the school was so run down that several families planned to move away rather than have their children attend under these circumstances.

It was then that the names of Miss Louise Clark and Miss Ethel McAuliff were mentioned, but there was doubt as to our being able to secure their services as teachers as they had no intention of teaching until they had secured a much needed rest.

However the trustees called upon them and urged and finally begged them to take the school. The trustees then saw Mr. Ballard, and after he had read the letters of recommendation, Mr. Ballard advised the trustees to engage these teachers, asking that they bring their Eastern certificates to him. They had made no effort to obtain California state certificates, as they did not care to teach.

The State Board only grants certificates to graduates of other states for a year at a time, so their certificates have been renewed from time to time. Miss Clark was assured by a member of the State Board of Education that there would be no question as to her having her certificate extended.

Miss Clark has diplomas and life certificates from the Michigan State Normal School, Teachers' College of New York City and Columbia University, receiving a degree from the latter.

She loves little children, so has worked among us, with her able co-worker, Miss McAuliff, bringing order out of chaos and winning the esteem of every child in the district.

PRESS DAVIS CROSSES THE GREAT DIVIDE

Old Soldier and Former Prominent Official of Sonoma County Died Here Wednesday.

Preston Randolph Davis, member of the Grand Army of the Republic, and former county Surveyor of Sonoma County, passed away at a sanitarium in Sonoma, the valley he loved, on Wednesday. In recent years he had made his home at Yountville, amid the comrades of the war of 1861 with whom he loved to reminisce, and by whom he requested that he be laid away when it was time for Old Glory to be draped upon his casket.

Two weeks ago he came to Sonoma to visit his friends at the old Vallejo home and while there, was taken dangerously ill, the doctor ordering him to the sanitarium for treatment. His illness proved his last, and on Thursday he was borne back to the Soldiers Home where the loyal comrades and veterans of the Grand Army conducted funeral services according to his oft expressed wishes.

Mr. Davis was born at Dayton, Ohio, over 80 years ago and was studying law when as a young man he was called to the colors and served in the civil war with the army of the north. After being mustered out, he joined a government expedition to the headwaters of the Missouri river and became interested in civil engineering, the profession he followed for the remainder of his days.

Fifty-one years ago Press Davis came to California and in Sonoma county was honored several times with the office of County Surveyor and other positions of public trust and importance. In 1904 he reconstructed and made extensions to the Sonoma City Water system and also did work at the Sonoma State Home at Eldridge.

Descendent from a prominent family, the Randolph's of the old South, Press Davis inherited the courtly manner of the old school gentleman. He was a man of scholarly attributes and conversant on many topics, even in his later years being well read on current happenings and developments in the modern field of art and science.

His death will be widely regretted by a large circle of friends and four

WEDDING BELLS IN STILLINGS FAMILY

On Tuesday at the Congregational parsonage in this city, Miss Flora Stillings, charming high school graduate of the class at 1921 was married to Paul Jensen, a young business man of San Francisco. Rev. Isaac Cookman tied the nuptial knot for the happy couple.

Miss Stillings is the daughter of Mr. and Mrs. G. H. Stillings of this valley, her mother being a past matron of the local Eastern Star. The amiable bride and lucky groom were given a wedding breakfast at the Stillings home and showered with congratulations following the ceremony.

Last Sunday Mr. and Mrs. Stillings attended the wedding of Mrs. A. M. Smith and R. Lippi in San Francisco, so it was a week of wedding bells all around. The former Mrs. Smith owns a summer home at Verano.

MR. AND MRS. ADLER AT GOLDEN GATE MUSEUM

Mr. and Mrs. A. W. Adler, both of whom are interested as members of the Sonoma Mission museum in the collecting and cataloging of relics, visited Curator Baron of the Golden Gate Park museum recently and got valuable data relative to this work. Mr. Baron, who is the greatest authority in California, has a personal knowledge of Sonoma as an important field for historic relics and has many things listed which may later be obtained for our Mission display.

The Sonoma visitors were accorded the greatest courtesy and acquired much valuable information. Mr. Adler's family both here and abroad, has been connected with museum and art relic work for several generations.

The Sonoma Mission committee is very desirous of securing any gifts for the museum and will be pleased to hear of any prospective donations.

STATE OFFICIAL PRAISES BALLARD

The following statement, received in Santa Rosa this week from Samuel Cohn, assistant state superintendent of schools, will be of interest in view of the fight on for county superintendent of schools:

"As assistant superintendent of public instruction, it is one of my duties to handle reports from the various counties, and to study the work being done in the counties of the state. I therefore feel qualified to pass upon Ben Ballard as county superintendent of schools in Sonoma county.

I consider Ben Ballard to be one of the leading superintendents in All California, the state which stands at the top in school efficiency.

In the intelligent handling of legal questions, of which Sonoma county has had its share; in the general upward development of school work and in the business administration there is no other superintendent in the state that can surpass Ben Ballard.

Apart from his superior work as an educator, our records show that he is one of the best business managers in the state. No question ever comes up but that he is working on it promptly, and getting results. During the long deays incident to working out legal tangles in Sonoma county, Ben Ballard has made many trips to Sacramento for advice and conferences with the state department, and he has done much of this work at his own expense. If it were not for his prompt and studied handling of the Santa Rosa problem, for instance, it would long ago have become hopelessly entangled instead of being on its way toward a complete straightening out.

Only one of strict business sense and judgment should be a county school superintendent in California, and Ben Ballard is such a man.

Then, again, this year's school pageant at Cotati, conceived and executed by Mr. Ballard, was the biggest piece of educational work done in the state in a long time. The importance to educational organization of such a demonstration should be realized by everyone, since it did so much to bring the people and their school system to a more complete basis of mutual understanding."

CARD OF THANKS

We wish to thank the Fire Department and all who came to our rescue during the fire of last week. Their prompt and splendid service is much appreciated.

EL VERANO NEWS

By ARCHIBALD McKIVER

The election booth for Tuesday's election will be in Baines' garage.

Mrs. Phil Rossi and son Albert are in Los Angeles visiting relatives.

George Martin, Frank Pensart and Andrew Perrett took in the races at Cotati Sunday.

Mr. and Mrs. C. T. Wilkinson and Oliver have returned from a pleasant visit in San Francisco.

Mrs. J. N. Beach and Mrs. Fleming after a week's visit in San Francisco returned home Sunday.

Billy Johnson, El Verano Beau Brummel, is on a sight seeing trip to San Francisco this week.

Mrs. J. Rabaut, after a pleasant visit with San Francisco relatives, returned home Sunday evening.

John Dowdall was in Napa last Saturday looking over a ranch which he contemplates purchasing.

Deputy Sheriff Ryan, E. Mullen and Joe Daniels were interested spectators at the Cotati race track Sunday.

Clarence Chance after a business tour of California has returned to his father's roof for the winter months.

Mrs. Nick Dowdall was called to Winters the first of the week owing to the illness of her daughter, Mrs. Archie Gale.

Emile Vincent, an employee of the S. P., in San Francisco, spent Sunday looking the town over and visiting relatives.

Mr. and Mrs. Alex McGill, early pioneers of Sonoma Valley, celebrated their golden wedding anniversary on last Tuesday.

Joe Escolle, Sonoma Valley rancher is the owner of a new 1923 Hupmobile. The owner is very proud of the fine new buzz wagon.

Alfred Warriner, who has returned to Sonoma from a trip to Tia Juana, was an S. P. passenger for Vallejo on Monday morning.

Mr. and Mrs. Louie Wachlin, formerly resort owners here, are in the valley from Vallejo, looking for a business location.

Louis Martin and Mr. Rhodes, progressive Vineburg boosters, were in town Tuesday. They report the southern city as forging rapidly to the front.

J. E. Court, who owns a poultry farm at Sonoma Vista has gone to San Francisco where he has accepted a position with the Union Iron Works.

Dutch Vincent, ferry boat captain at Benecia, was in town Sunday renewing old acquaintances. Dutch fills his new position with grace and dignity.

Mr. and Mrs. A. B. Johnston, nee Marie Minkel, after a honeymoon tour of the Eastern states, have arrived, in San Francisco to make their home. The happy couple were visitors at the Minkel home Monday.

Harry Prince, Sonoma Valley's sweet singer, who has been entertaining at the Tavern for several months, will leave for Tia Juana shortly to fill an engagement in one of the leading music houses in the well known Mexican racing center during the winter months.

Reports from all over the state on the supreme judge fight points to Judge Emmet Seawell of Santa Rosa to lead all other candidates in the field for this office. Seawell has been a judge for many years in Sonoma County and in early years served as district attorney. His loyalty to these offices has won him the esteem of

the voters of this county and state, who will reward him by going to the polls next Tuesday and giving him a majority such as no other state official has ever received in the history of California politics.

Charles Dwyer, well known and popular S. P. freight engineer, who is now on the Suisun run, passed through town Tuesday morning, stopping off to say hello to the boys along the road, who were glad to see him. The dapper-looking engineer also put in a boost for Judge Seawell, who is leading in the Suisun Valley.

Charles McDewitt, the pugnacious postmaster at Donner, whose office is criticized by a man with the high-sounding name of Brands Buys, arrived here last Friday looking none the worse on account of his late encounters. Mac's many friends were glad to see him.

Work has commenced on the new barber shop, pool hall and soft drink emporium in East El Verano. The place will be ready for business by the first of the year and we will then have plenty of artists to prune our whiskers and also bob our local summer flappers' locks.

The betting men are busy here this week and 2 to 1 odds that Miss Clark is elected school superintendent are going begging, although a few of the intrepid ones have placed their money on Ballard. The Ballard write-in boosters are slow in putting up their coin on their candidate.

Voters here are rallying to the support of the present assessor, Hoke Smith, for re-election Tuesday. Odds on Smith are 2 to 1 that he carries the election and 10 to 8 that the popular assessor carries every precinct in Sonoma Valley. Smith money is plentiful with no Mason money in sight.

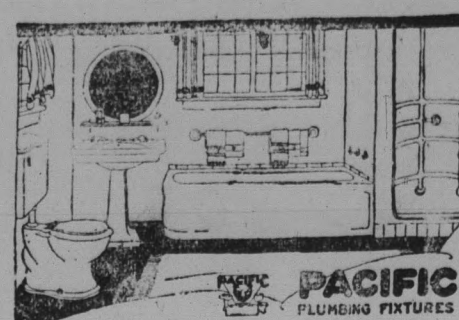

Somebody is always taking the joy out of life. Rumor has it that on election day our polling places will be pestered with Ballard write-in campaigners, armed with a pencil and a card showing how it is done. The intelligent voters hope that these vote-sniffers will not bother them on their way to the voting precincts and that they will remember that the election law reads "No soliciting of votes within a certain distance from the election booths." This law, it is said, will be rigorously enforced on election day.

The election Tuesday is going to be a hot one. Both sides of the school superintendent's fight is laid before the voters, and mudslinging has been indulged in over-abundantly at Miss Louise Clark's record. Miss Clark is the popular Glen Ellen teacher and a graduate of the famous Columbia university, who was elected by 800 votes at the late primaries. The write-in campaigners have, by their methods, made many new votes for the Glen Ellen candidate, who are falling in line for the Clark cause and we predict on the eve of election that the lady aspirant, who has fought a good clean fight against the Ballard forces will be elected to the office of school superintendent of Sonoma county. She is capable to handle the job and is wide awake and if elected will devote her entire time for the betterment of Sonoma county schools. The handsome vote given Miss Clark at the primaries shows that a change is wanted in the handling of our schools and that she is the choice of the voters.

CAME OVER BLACK POINT CUT-OFF HIGHWAY

The Golden Gate Ferry officials, Harry Speas and General Counsel Dudley D. Sales, had a special permit to try out the Black Point Cut-off new paved road Monday and pronounce it in splendid shape. While not yet open to traffic, this piece of highway is practically complete as far as Fairville. It is hoped to have the remainder of the road paved next year when state money will be available.

Mr. Speas is enthusiastic over the success of the Golden Gate Ferry and points with pride to the fact that it is the first time a company has paid dividends to stockholders in the first year of its operation.

We recommend PACIFIC Plumbing Fixtures because they have never been excelled in quality by any brand in the entire world, and cost no more than inferior brands.

OFFICIAL TEST

51⁶/₁₀ Miles on a Gallon of Gas

THINK OF IT—SOUNDS IMPOSSIBLE. IT MEANS OVER 100 MILES ON TWO GALLONS OF GAS. THIS MILEAGE WAS RECENTLY MADE WITH A FORD CAR EQUIPPED WITH THE NEW 1922

Stromberg Carburetor and Hot Spot

THAT'S WHAT DID THE TRICK—THAT'S WHAT MADE THE GALLON OF GAS WORK OVERTIME. IT IS THE RESULT OF TWO YEARS OF EFFORT AND ACHIEVEMENT BY THE BEST CORPS OF CARBURETOR ENGINEERS IN THE COUNTRY.

Official World's Record Breaking Test With Ford Car

Made under the supervision of the American Automobile Association. An officially measured 1-gallon tank of ordinary 57 test gasoline was used and car driven over the Dixie Highway near Chicago. Car carried three passengers. Total weight of car and passengers was 2370 pounds.

With no change in carburetor adjustment car was throttled down to six miles per hour, then throttle was thrown wide open and a speed of 45 miles was reached. Car accelerated from standing start to 25 miles per hour in 11 4-5 seconds—from

10 miles to 30 miles in 15 seconds. This most remarkable performance is the sensation of the Automobile World.

You are wasting gas—stop—it's foolishness—it's like pouring it on the ground. Decide now—get more miles out of every gallon—get better acceleration, easier starting—you can do it with this marvelous Carburetor. Equip your Ford today—don't be satisfied with 15 miles on a gallon—get twice that—the money you save will soon pay for the carburetor. Twenty days free trial. New 1922 model complete. **\$15.75**

MR. AND MRS. NIVET
ARE HEARD FROM

Mr. and Mrs. Charles Nivet, whose residence among us will be pleasantly remembered by many friends, write from their present home in Trinidad, British West Indies, that they are well and enjoying life in their old homeland. They mention with evident sincerity their regard for Sonoma and the welcome periodic arrival of the Index-Tribune, "a much appreciated link with three very happy years spent at Arrah-na-Pogue, in the Valley of the Moon. We are much interested in the strides Sonoma is making both in progress and prosperity, in the activities of the Woman's Club and in the doings and welfare of the St. Francis church, pastor and parishioners, of which affectionate memories linger," writes Mrs. Nivet.

Several warships of the United States and of England have been at anchor near the Nivet's home and the presence of the officers has been the motif of many brilliant social events.

in which Mr. and Mrs. Nivet have participated.

Their niece, Agnes Blanc, was married early this year in Trinidad and was given away by her uncle.

Mr. and Mrs. Nivet came to Sonoma Valley after a world tour and remained here three years for the benefit of Mr. Nivet's health. They then returned to their home in the tropics, where they have many relatives and big plantation interests.

GLEN ELLEN NATIVE SONS
TO DANCE ARMISTICE NIGHT

The members of Glen Ellen Parlor, N. S. G. W., will be hosts at a big dance Nov. 11th to celebrate Armistice Day. The dance will be given at the Mervyn and the personnel of the committee assures all who attend hospitality of a high order. The proceeds are to go to the commendable Homeless Children Fund and the dance will no doubt be liberally patronized.

BUCK'S MASQUERADE
WAS BIG SUCCESS

The Halloween mask ball given at the Mervyn, Glen Ellen, last Saturday night by mine host H. G. Buck, was a brilliant success. About 70 couples in mask participated in the good time. The decorations, black and yellow crepe paper streamers, Jack-o-lanterns and autumn foliage made a pretty and effective setting for the dance.

The music, eats and general arrangements were par excellence. Prize winners were as follows: A. Brown of Santa Rosa, gentlemen's first prize; Miss Brown, ladies first prize; Ralph Horn, gentlemen's second prize.

DODGE CAR HITS
A FORD TRUCK

A Dodge touring car driven by Capt. H. N. Burgess of Boyes Springs and a Ford truck driven by Grammo Fernandez of Hayward, collided near the entrance of the Napa State Hospital on the Napa county highway Monday afternoon. The Ford was damaged to a slight extent, the damages being paid by Capt. Burgess, who is said to have been to blame.

Traffic Officer Asedo will file a complaint against Burgess in the local courts accusing him of the offense of careless driving. —Napa Register

BOYNTON ESTATE
PROPERTY IN COURT

An answer has been filed in the suit of Mrs. Aurelia C. Mills against R. D. Vallandigham to quiet title to property adjacent to Boyes Springs in the Sonoma Valley. The answer admits all the allegations of the complaint except that defendant holds an interest in the property and sets out that the defendant, who was left a sixth interest in the land by the late Fred Whiting Boynton, sold it to plaintiff for \$4000 and the sale was confirmed by the superior court. The defendant asks to be dismissed without costs.

A stipulation has also been filed for the trial of the case at the pleasure of the court without notice to defendant, who is represented by Barbard & Watters of Fresno. —Santa Rosa Press Democrat.

MISS COULTER
DEFENDS TEACHER

Santa Rosa, Oct. 28, 1922. We, the committee for the Ballard Write-In Campaign, wish to call your attention to the fact that the standard of California's public schools is the highest of any state in the union. We therefore resent any statement to the contrary, especially when made for campaign purposes.

Louise Clark deliberately interrupted City Superintendent of Schools Jerome O. Cross, at the Ballard Write-In meeting at Santa Rosa on Wednesday, Oct. 18th, and in a sneering manner said that she had "consented to accept the Glen Ellen school position when she learned that the temporary teacher in charge had come out of a kitchen on the Jack London ranch."

We are proud of our little teacher who stepped from the kitchen into the school room. This teacher did earn her way while she was studying to become a teacher. She passed the teachers' examinations with the highest records made by any applicant who has appeared before the Sonoma County Board of Education during the past fourteen years. She is now teaching in one of our rural schools with marked success. Mr. Ballard will recommend her for any elementary school position to which she may aspire in California.

Mr. Ballard is a friend of the teachers and of the schools. We, therefore ask you to help us to maintain the present high standard of our Sonoma county schools by writing the name of Ben Ballard in the black space at the bottom of the second column. See your sample ballot.

Your for the best interests of the children of Sonoma county.

MINNIE COULTER,
Co. Supt. of Schools of
Sonoma Co., 1899-1907.

(Note—Many of those present have signed their willingness to sign an affidavit to the truth of above.)—adv.

FOR GOVERNOR

Friend W. Richardson

FOR U. S. SENATOR

Hiram W. Johnson

EVERY BALLOT SHOULD BE MARKED FOR RICHARDSON

It seems like a wide-sweeping statement to declare that every ballot next Tuesday should be marked for Governor—Friend W. Richardson—regardless of party affiliations, and in line with the thousands of Republicans already marching under the Richardson banner should be all registered voters who have the interest of California really at heart.

The public service record of Friend W. Richardson gives him tremendous advantage over his adversary. Richardson has served and saved the state in a way which merits the appreciation of every loyal citizen of this great commonwealth. Here is a plain man of the people with the extraordinary ability of being able to bring economy into state business. This is no election talk nor political platitude. It is a fact attested by the figures which accompany his record as State Printer and as State Treasurer. If economy appeals to you, if businesslike conduct of the affairs of California mean anything to you, if wise counsel and advice in connection with our State Legislature mean anything to you, if a clean honorable record of industry and progress appeals to you there will be no question of your vote for Governor.

If you enthuse at the Democratic nominee's avowed wet platform and are willing to forego all else to get Woolwine in, perhaps you will vote for this Los Angeles man, although when the thoughtful citizen pauses to think, he can readily see Mr. Woolwine is powerless to get any liberalization whatsoever of the Eighteenth Amendment. It is, moreover, not to his credit that he has permitted his name to be identified with the wet plank for he is a sworn officer of the law—a district attorney—whose oath of office binds him to respect, uphold and enforce the very law he is discrediting. Were he free and untrammelled and not bound by oath, his position might be defensible, but his status as district attorney and wet gubernatorial candidate cannot be reconciled. Furthermore, there is not a doubt in the world that he has put himself in a position where his office is being taken advantage of by lawbreakers right now. Woolwine has cheapened and stultified himself through trying to land in the gubernatorial chair through his avowed sympathies with anti-prohibition.

After eight years of Governor Stephens, bone dry and a spender of millions, it seems we would not hesitate, however wet, to accept Friend W. Richardson, a fair-minded man who makes no pretense of waving a wand and changing our laws, but who makes the definite promise that he will save the state millions. California wet sentiment can be expressed through the vote on the Wright Act. All sentiment for economy and efficiency must reveal itself in the vote for Friend W. Richardson.

It has been many a day since the immense electorate of Republican voters in California have had such a candidate to honor with the governorship. Never before have we had a candidate with a public record and training equal to Friend Richardson. Never before have we had a man so plainly of the people, so fair to labor, so intensely American, so anxious to co-operate with the nation in a sweeping program of economy, eliminating political parasites, scrapping the insidious state machine which has been a nest of extravagance. Tuesday must be the dawn of a new era in California. Send Friend W. Richardson up to Sacramento with his broom and watch him work. It is not a new broom (the kind that only sweeps clean then). He has handled the broom before and will get into all corners where lurk parasites and pie counter attachés, now in deadly fear of the day of reckoning. Richardson for Governor is the rainbow in the political sky of our Golden State. Elect him.

SENATOR JOHNSON SAYS NATIONS MUST PAY

Sound finance as advocated by the Republican administration characterizes Senator Hiram W. Johnson's attitude on the question of the obligation of the foreign countries to meet their war debts to the United

States. Voters should bear in mind this important question and endorse on Nov. 7th the man pledged to back up our country in its stand on this important issue.

In his campaign speeches, Senator Johnson has taken a determined stand against the proposal from abroad that debts owed this country by European nations be cancelled. He has amplified his platform remarks on the subject in a statement issued by him through the Republican State Committee. The Senator said:

"The refusal of the Harding administration to yield to propaganda for cancellation, in whole or part, of foreign debts to this country is in keeping with the overwhelming sentiment of the United States. It has become perfectly apparent that Europe is not going to curtail her armaments, forego her commercial rivalries and lust for more territory, increase production of her peaceful industries, cut out governmental extravagances and make an honest endeavor to practice economy so long as she believes she never will have to 'pay up.' Nothing will bring Europe to her senses quicker and make for world peace and the return to normal conditions throughout the world than a realization that the United States government not only will refuse to listen to any proposal to cancel European debts, but on the other hand will insist that these debts and the interest on them be met."

THE AMENDMENTS AND OUR RECOMMENDATION

The Veterans' Validating Act and Bond Act. Propositions One and Three on the ballot, appear to be good measures to aid soldiers to acquire homes on a loan basis from the state. It is not a bonus arrangement in any sense. Vote yes on One and Three.

The Prohibition Enforcement Act, No. Two, has been discussed freely in these columns and reasons given for opposition to it, among others, that the state officers and courts will be so busy with the federal business that other crimes will be neglected. Furthermore, it will open the way to graft and corruption among the officers of cities and counties where bootleggers operate. We have seen enough graft and miserable crookedness among the federal prohibition enforcement officers to give us a sample of what may be expected if the Wright Act gives more officers power. Bootlegging continues to thrive in the many states which already have enforcement acts. Vote no.

No. Four—no recommendation.

No. Five, State Housing Act, would be a blow to the shingle industry and bears the earmarks of an attempt to get patent roofing concerns a monopoly. Vote no.

No. Six—no recommendation.

No. Seven—vote yes.

No. Eight—vote yes.

No. Nine—no recommendation.

No. Ten—no recommendation.

No. Eleven—no recommendation.

No. Twelve—vote yes for a state budget.

No. Thirteen—vote yes.

No. Fourteen—no recommendation.

No. Fifteen—no recommendation.

No. Nineteen—Water and Power Act. A dangerous experiment taxing the state's credit and giving unlimited power to a commission of five men. Vote no.

No. Twenty—no recommendation.

No. Twenty-One—no recommendation.

No. Twenty-Two—Absent Voters A risky method which is better left untried. Vote no.

No. Twenty-Three—no recommendation.

No. Twenty-Four—prohibiting anyone but lawyers to give advice and handle legal matters; especially aimed at banks and trust companies. Unnecessary legislation. No recommendation.

No. Twenty-Five—vote yes.

No. Twenty-Six—no recommendation.

No. Twenty-Seven—Vote yes.

No. Twenty-Eight—Vote no.

No. Twenty-Nine—no recommendation.

No. Thirty—allows too much power to a state commission and curtails municipal power over its own affairs. Vote no.

HIBBARD LOSES SUIT

FOR COMMISSIONS

M. J. Hibbard brought suit against the Golden Gate Ferry Company for commissions and expenses of \$2,375 on sale of the corporation stock sold in Sonoma County, lost his case at Santa Rosa Tuesday. Judge Preston deciding that the plaintiff was entitled only to commissions on stock sold by himself in Sonoma Valley. Much of the testimony came from witnesses who were present at a meeting of the Sonoma Businessmen's Association held in the City Hall here when Harry Spears, then president of the company, outlined the prospects of the new ferry concern and told those present that stock in the company could be subscribed to through Mr. Hibbard. Among witnesses examined were Geo. Breitenbach, A. Maffei, Geo. Darling, Frank Sprague, Geo. Fettes and W. L. Murphy.

Hibbard introduced a letter from the company authorizing him to sell stock. He alleged that he was the county salesman and brought suit for commissions on all stock sold by the defendants in Sonoma county while he was in their employ. The Court gave judgment for the Ferry company which maintained it had a right to employ other stock salesmen and that Hibbard had been paid all commissions earned by him.

Judge Preston occupied the bench for Judge Thompson, who presided for Judge Seawell who is in Southern California.

PREDICT BIG MAJORITY

FOR FRIEND RICHARDSON

The local Richardson-for-Governor Club's president, Tom Denny and Secretary Henry Lutgens predict that Friend Richardson will carry Sonoma Valley, two to one.

In an interview with County Committeeman W. L. Murphy, the secretary of the club said, "I feel confident that Richardson will carry Sonoma Valley by a splendid majority. The grape growers are too intelligent not to see through the Woolwine wine and beer pretext."

A prominent Republican orchardist declared that all a voter would have to do Tuesday is to take one look at his tax bills and "economy and efficiency" would dictate marking the ballot for Friend Richardson.

Chevrolet Superior Models

MORE than ever before the Chevrolet Motor Company has again emphasized its admitted leadership as producer of the world's lowest priced quality automobiles. The SUPERIOR Models at no higher prices than those of our preceding models, represent the most sensational values in modern economical transportation ever established. QUALITY has been still further improved by more artistic design and added equipment. ECONOMY has been still further increased by engineering refinements and greatly increased service facilities throughout the whole country. PRICES remain the same in spite of added equipment and more expensive construction which have materially increased values.

Unequaled In Style, Value, Economy

1923 SUPERIOR LINE CHEVROLET FIVE PASSENGER TOURING

A glance at this Superior Touring Car shows why it stands in a quality class of its own—incomparable. Here is an automobile which anyone can be proud to own, because of its up-to-the-minute style, complete, modern engineering, and the lowest operating costs of any 5-passenger automobile made.

\$663

1923 SUPERIOR LINE CHEVROLET TWO-PASSENGER ROADSTER

All these advantages apply with added force to the Superior Roadster, which, due to reduced passenger capacity, develops still lower mileage costs. No need to waste space with fulsome selling arguments. The American public knows automobile values. The spontaneous demand for the remarkable cars will tax even our greatly enlarged productive facilities.

\$642

1923 SUPERIOR LINE CHEVROLET TWO-PASSENGER UTILITY COUPE

The Superior Utility Coupe is bound to surpass the magnificent sales record of its 1922 predecessor. This is the world's lowest priced quality closed car, and far outdistances all competition in single seat closed automobiles.

1923 SUPERIOR LINE CHEVROLET FIVE PASSENGER SEDAN

The Superior Sedan, like our preceding Sedan, is the outstanding world leader in the all-year type of family car. Chevrolet has led the automobile world in the pronounced shift to closed cars and our five passenger sedan has been the chief reason. At no time during 1922 after the first general distribution of the Sedan, were we able to keep pace with our orders. With this Superior Model, improved in design, construction and added equipment, an even greater demand is anticipated that will maintain our position of leadership in the production of closed cars with Fisher bodies.

1923 SUPERIOR LINE CHEVROLET SEDANETTE

The Superior Sedanette is a new member of our line destined, we are confident, to achieve great popularity. It is designed especially for country club, social, shopping and general utility purposes, and as an extra car appealing especially to women. The trunk at rear is part of the regular equipment.

press before the primaries that Sampson B. Wright had anything to do with my candidacy, and again I repeat that Sampson Wright has never at any time had any connection with my campaign, nor did he ask me to be a candidate as was falsely stated by the Write-In Campaign Committee.

I maintain that neither religion nor politics should enter into the public schools of America. Every teacher should have equal rights whether she be Protestant, Catholic or Jew.

A Sonoma county editor has said: "Miss Clark is beyond any question the best qualified educator who ever offered the people of Sonoma county personal services as Superintendent of Schools. This will be conceded by any unbiased, unprejudiced, unselfish person who cares to make an investigation and to make comparison, as invited by Mr. Ballard's committee."

I do not wish to boast of my qualifications, yet I do know that I am competent to act as Superintendent of Schools.

My qualifications have been reduced to two years in Columbia University by the Ballard people. They forget to mention five years academic and college work, all training for supervision work in our public schools. They forget to mention two trips to Europe and a trip around the world for study. They forget to mention that all during the war I was lecturing and studying methods in schools and colleges throughout the United States, no doubt seeing more school systems than the average person would see in a lifetime. I consider my experience from 1912 to 1917 of more value than it could have possibly have been as a teacher in a public school.

I maintain that I am not responsible for statements made by my 7000 backers. I never heard of a school system without an attendance officer and believe supervisors should be secured who will supervise the work for which they are engaged.

I feel that I had ample time during my five years in California to study the school system. Possibly someone can tell me how long David Starr Jordan taught in California before taking charge of Stanford university, or how long had Benjamin Ide Wheeler taught in California before taking charge of the University of California?

I have no campaign manager. I am not being forced by any committee to run for office. I realize the needs of the schools and am ready to serve the people of Sonoma county at the request of the 7000 voters who sanctioned my campaign at the primaries.

I endeavor to be a lady at all times and regret the apparent necessity of replying to the ungentlemanly and unladylike attack made upon me by the so-called Write-In Campaign Committee, but I feel that I am justified in defending myself against unscrupulous attacks, and I will be pardoned for so doing.

I trust you will use the stamp after my name on election day.

LOUISE CLARK.

WATMAUGH SCHOOL NOTES

(By A Pupil)

We celebrated Hallowe'en at Watmaugh school house, starting with the apple-bobbing contest, but some were afraid to get wet, so were not successful. They received a piece of candy from the Witch, but a few of the big boys ducked after the apples. At recess we played ball and other games. When we came in, the Witch was standing ready to tell our fortunes. There was a great shivering in the back of the room and some of the little people, including Vernet Ryan, became frightened and were hiding from the Witch. We drew all kinds of colored pictures on the board, especially decorations of witches and black cats.

We are now preparing the third of our series of entertainments for the friends and patrons of the school. Our teacher, Mrs. Leshner, believes dramatization is a valuable part of school work. We expect to present the play, The Little Heroine of the Revolution, and also South West Wind from the King of the Golden River. The date has not, as yet, been decided upon.

We enjoyed our Hallowe'en party very much.

General school work is progressing with good results.

LOUISE CLARK MAKES REPLY TO OPPONENT

To the Voters of Sonoma county:

Choose ye, not whom you will serve, but who will serve you and your children. Shall it be a politician or an educator?

In absolute disregard for the law which every official has sworn to respect, Mr. Ballard and his supporters Thursday afternoon began flooding the county with a full page (newspaper size) harangue advocating a write-in campaign for Mr. Ballard.

I do not fear this exhibition of eleventh hour politics. The days when people were frightened by dragons on the eve of election have, thanks to the intelligence of the American voter, passed.

Many statements are made in the newspaper size circular which the author or authors knew was or were false.

As to my educational qualifications, I have challenged Mr. Ballard to match them, but he has not done so nor has he made a pretense of so doing.

As to my business qualifications, it has never been said of me, by the Grand Jury, nor anyone else, to my knowledge, as has been said by the Grand Jury of Sonoma county in 1921 of the present incumbent, Mr. Ballard.

"We find the books of this office in a deplorable condition. They have not been balanced with the Treasurer's and the Auditor's office since 1916. Notwithstanding the conditions in this office as set forth in the foregoing paragraphs, we find that the Superintendent of Schools is now away on an extended leave of absence. It is the consensus of opinion of the Grand Jury that unless some pertinent New Year's resolutions be made in the office of the Superintendent of Schools, his leave of absence should be made permanent."

I played the game in a fair way and won at the primaries and now the defeated candidate comes out with his eleventh hour propaganda which he and his supporters know are absolutely false.

ODD APPEAL TO UNCLE SAM

Congressman Thought Old Gentleman
Might Have Some Kind of a
Statue Lying Around.

There is a military officer in the office of the superintendent of public buildings and grounds at Washington who, from a recent experience, has reason to believe that some members of congress are unreasonable.

A representative from a remote district in a far southern state telephoned him for a "statue of some kind—preferably a figure of a soldier." The representative went on to explain that a little town in his district has decided to honor its several young townsmen, who were killed in the World war, and not having an abundance of money to spend on a memorial some of the leading citizens had wondered if Uncle Sam couldn't help out.

"I thought your office no doubt had some statues lying around that you had not selected sites for or else had no further use for, in which event you could let me have one to ship down to my constituents," the representative explained in a serious and suave manner.

The latter, according to the army officer, appeared more surprised than disappointed when told over the telephone that the office of public buildings and grounds was out of spare statues.

RAILROAD HAS WATER WAGON

Contrivance Said to Work Successfully in Minimizing the Discomforts of Dusty Tracks.

An appliance for sprinkling the right-of-way over the dusty stretches of track has been invented by W. H. Whalen, superintendent Los Angeles division, and is being tried out with apparent success by the Southern Pacific on its lines between Indio and Palm Springs, hereafter a very dusty section of track. According to the Literary Digest, a writer in the Southern Pacific Bulletin (San Francisco) says: "The sprinkler consists of a perforated pipe attached beneath the water tender of the locomotive in such a way that water is sprinkled on the track as the train passes over it. According to Mr. Whalen the experiments have proved very satisfactory, and Southern Pacific is planning the installation of these sprinklers on all its passenger locomotives operating in desert country. The scheme is an innovation in railroad operation. The Southern Pacific has made various attempts to allay dust by sprinkling off over its right of way in desert country, but none of them has proved as effective as the railroad water wagon."

Dream of Death Fulfilled.

To dream of an accident three times and then witness its fulfillment has been the unhappy experience just recorded of a Hobart (Tasmania) man. A laborer employed by the Hobart city corporation was turning the hand wheel of a crane. The lift of the crane swung around and a wire rope came into contact with the high tension electric wires overhead. The result was that the laborer was electrocuted. A week before the accident one of the man's workmates was uneasy in his mind. He was troubled by a strange dream that was repeated three times. In his dream he saw a fatal accident at the crane. It occurred in exactly the same way as that which caused the actual accident. He told his mates of the dream, which had made such a deep impression upon him, and it was the subject of considerable discussion. The fulfillment of the dream came as a shock to those who had been made familiar with the story.

Elephant's Foot.

Sometimes during the war, we had rather curious bread, but we were never—so far as we know—treated to "Hottentot's bread." This is the name of a tropical plant, a name given to it because its root-stock is used as a food by the Hottentots. And because this root-stock is a large, fleshy mass, cut off at the end, and covered with a corky, cracked bark, the plant is also called "elephant's foot." Out of this rough "foot" springs a climbing stem, bearing leaves and flowers.

The name of "elephant's foot" is also given to a genus of plants found in India, having root-leaves which bear some resemblance to the foot of an elephant.

Preliminaries.

"Now, don't forget," said the lawyer who was coaching his fair client. "When I scratch my right ear that's a signal for you to faint."

"And if you rub your chin with your left hand that means I must burst into tears?"

"Yes, and—ahem—if you see me plucking at my right trouser leg it will indicate that the gentlemen of the jury have been sufficiently edified by the borsery display, and you might change your attitude so they can concentrate their minds on the evidence."—Birmingham Age-Herald.

Really Only One Occasion.

It has often been a matter of speculation as to when, if any time, a man would feel perfectly at ease carrying a doll. This perplexing question one that has no doubt disturbed the mental equilibrium of many psychologists, was solved the other night by two gentlemen who had given the matter much thought. The solution of the problem was that the only time that a male biped appeared unabashed while transporting a doll in his arms was when he was returning, in triumph, from one of the booths at a nearby amusement park.—Washington Star.

JOHN MOHR TO BE

SONOMA'S NEW CONSTABLE

The voters of Sonoma Township will have the opportunity of marking their ballot next Tuesday for one local office, that of constable, the name of John J. Mohr appearing on the big election sheet. Mr. Mohr was nominated at the primaries and is a young man of commanding presence and many friends who predict he will give an excellent account of himself in the new job.

Mohr succeeds Jack Murray who forfeited his right to run for constable when he came out for sheriff.

BUSINESS MEN'S ASSOCIATION LAUNCH BIG CELEBRATION

The Sonoma Business Men's Association has launched the Sonoma Mission's 100th anniversary celebration here in 1923 by appointing a committee to make preliminary recommendations in regard to holding this important celebration. President W. F. Cleve of the association has named the following committee: L. H. Green, Paul Robin, Frank Muller, Harry Fine and W. L. Murphy.

A pageant and several days fiesta is contemplated with open air mass, conducted by the Franciscan friars at the old Mission on Spain street on the Sunday of the fete.

LOCAL AND PERSONAL

Frank Canevari and bride of Vallejo were here for the dance last Saturday evening.

Miss Angelina Barracchi was up from San Francisco for the Native Daughters dance.

Mr. and Mrs. Jack Canevari are the parents of their first baby. They reside at Healdsburg.

Miss Deba Marimori, milliner of San Francisco, visited her old home here over the last week end.

Messrs W. F. Cowan and Bert Hildebrandt of Santa Rosa were duck hunting here Sunday, bringing home the limit of sprig.

Mrs. Stella Chambers (Bill) was here from Guerneville over last Sunday visiting her parents, Mr. and Mrs. Philip Bill.

Mrs. L. Canevari has had the sad news of the death of a sister in Italy. She was still a young woman and left a large family of to mourn her.

Miss Irene Nauman of Palo Alto, Russell Tracy, Al Hoffman and Robert Kent of San Francisco were guests of Miss Irma Adler at the Halloween dance last Saturday.

Miss Marguerite Helberg, who has a position with a big law firm of San Francisco, spent Saturday night and Sunday with her parents, Mr. and Mrs. Fred Helberg of Schellville.

Sonoma friends called on Mr. and Mrs. H. Bluxome in Oakland recently. Although an invalid, following a stroke of paralysis several months ago, Mr. Bluxome greeted the visitors with evident delight. His son, Donald, Sonoma High School graduate, is in the garage business in Oakland.

Mrs. J. Altimira, who formerly resided here and still owns the pretty cottage at the corner of Spain St. and Second St. East, was in town Thursday to pay her taxes. Mr. and Mrs. Altimira have just sold their tamale parlor in the city and will go to Monterey for a much needed rest, after which they may return to Sonoma.

Ben Pinder, looking hale and hearty after a three months' trip east, returned to Sonoma last week. He visited relatives in the New England states and took a 400 mile motor trip to various points of interest during his sojourn East. Mr. Pinder declares he had a splendid time, but was glad to get back to California.

CITY LODGE WILL

CONFER DEGREE TONIGHT

Fairmount Lodge No. 435 F. & A. M. of San Francisco will arrive in Sonoma this evening will arrive in Sonoma this evening. Worshipful Master Peter Pensoti and staff of officers will confer the third degree on H. Troupe of Boyes Springs. Sunday the visitors will take in the various points of interest in Sonoma Valley.

Arrangements for tonight's meeting were made by Traveling Ambassador Wm. C. Hackneier of Fairmount Lodge who was in Sonoma Thursday.

This is one of the best degree teams in the state and a large attendance is anticipated.

In 1914 an enterprising Danish Post Master conceived the idea of using a stamp as a Tuberculosis Seal in order to secure funds for a sanatorium for children.

But to America belongs the honor of the first seal, which was the charity stamp that originated during the Civil War, when over a million dollars was raised to care for soldiers in Northern hospitals.

Later in 1917, Jacob Riis, the well known writer and friend of Theodore Roosevelt, received one of the Danish Tuberculosis Christmas Stamps. He wrote an article about it for the OUTLOOK, when Miss Emily Bissell, a prominent Tuberculosis worker in Delaware conceived the idea of using a Christmas Stamp to establish a Tuberculosis Hospital outside of Wilmington. The first seal sale brought \$2,000 for Miss Bissell's project. The following year the great International Congress on Tuberculosis was held in Washington. This was the beginning of organized effort for the control of Tuberculosis in America. The American Red Cross adopted the stamp for their own work and in 1908 the sale brought \$125,000, raised chiefly through volunteer organizations.

The National Tuberculosis Association organized at the International Congress joined with the American Red Cross and under the terms of agreement, the National Association became the general agent of the American Red Cross during the seal sale. The State Associations organized, received their supplies and remitted ten per cent to the National Tuberculosis Association and Red Cross to be used for further organization work. The Red Cross withdrew from active conduct of the sale and lent to the Tuberculosis Association its emblem and name and they gave to the entire seal sale their moral and financial backing.

In 1919, because of the continued war activities of the Red Cross, and the fact that the war on Tuberculosis had been carried on so successfully that it was necessary to give the Tuberculosis work a separate identity, the Christmas Seal relations were severed with the Red Cross and the Double-barred Cross, which is the emblem of Tuberculosis work the world over, was used on the seal. It has now become a national institution. \$20,000,000 have been raised in pennies in the last fifteen years. The Tuberculosis map itself speaks eloquently of the influence of the Christmas Seal. Today, every State has a Tuberculosis Association with 1200 affiliated Associations.

In the beginning of the first seal sale there were only 100 hospitals and sanatoria for the treatment of Tuberculosis. Today, there are 700 with 63,000 beds and 550 clinics in the United States. At the first seal sale the death rate from Tuberculosis was 200 people in every 100,000 population. Today, it has dropped to 114 per 100,000.

In California in 1914, the first organized seal sale was carried on. The death rate was 189 persons per 100,000 and today, it is 151 per 100,000. Every town and county in California has an organized program for the control of Tuberculosis, the nurses, open air schools, clinics, children's camps, Preventoria, nutrition work, Occupational Therapy in the hospitals, help for patients, dental clinics, and all the educational work that has carried California into the front ranks with its program, have come as the result of Christmas Seals.

Every Community selling seals in California receives from the California Tuberculosis Association the supplies necessary to carry on the sale. 45,000,000 seals have been distributed in California and when the sale is over and has raised the quota, which is the sale of 20,000,000 seals, 75% of the funds will be kept locally, 5% will go to support the National Organization, the State Association will pay for the supplies furnished the local Association and out of the remainder will render service to whatever community needs extra help, during the year.

LITTLE MUSICIANS GIVE PERFORMANCE

The piano recital given by the little
musicians of Miss Eva Dresel's class,
took place Friday evening, Oct. 27th,
before a large audience of interested
people. The stage was artistically de-
corated with greens and autumn col-
oring, lending a pretty setting for the
evening.

Miss Dresel gave an interesting talk
upon the Faelten system, on its mean-
ing, its representation and its worth,
prior to introducing her class, consist-
ing of Helen Pauli, Thelma Rubke,
Billy and Temple Clewe. The little
folks not only played well but ac-
quitted themselves most gracefully,
their bows and courtesies being those
of true artists. Little Margaret Rubke
also belonging to the class, has been
very ill and was unable to take part
much to the regret of everyone.

This unique form of class work has
proven wonderful in its results, as the
boys and girls rendered their pieces
in any key the audience demanded,
with the confidence and assurance of
ones who knew.

Considering that none of them had
any idea of music six months ago and
now give a program comprising
time, rhythm and the musical knowl-
edge of transposing was in itself a
wonderful performance, of which the
little ones may be justly proud. Miss
Dresel was highly praised by all pres-
ent for her excellent training.

LITTLE GIRL RECOVERING

Margaret Rubke underwent a capi-
tal operation last Sunday at the Napa
General Hospital, three doctors be-
ing in attendance. They were Dr. Mc-
Arthur, Dr. Hennessey and Dr. Hop-
per, specialist of San Francisco.

The doctors are pleased to state
that she is past the crisis and are
hopeful of a speedy recovery.

FATHER OF VELLA BROS. DIES IN ITALY

Joseph and Thomas Vella have re-
ceived the sad news of the death of
their father, Ignatius Vella, in Italy.
The senior Vella had been in excellent
health up to the time he had the re-
cent affliction of a carbuncle on his
neck. The malady proved fatal and
the untimely death of a devoted hus-
band and beloved father is mourned
in two continents. Thomas Vella, who
arrived in Sonoma several weeks ago,
had been with his parents as recently
as three months ago and were it not
for the accident of last week in which
he broke his leg, the son would re-
turn to Italy immediately to comfort
his mother.

Joseph Vella, the elder son, pro-
prietor of the Sonoma Mission Cream-
ery, has cablegrammed comfort and
sympathy to his folks and also ap-
pealed to the Italian army headquar-
ters for the release of a brother, 21
years of age, who is a soldier at the
front.

Another brother, Dominic Vella,
came to America some years ago, but
dropped out of sight and despite every
effort to locate him, has never been
found. Joseph Vella is making re-
newed search for this young man
since the sad news of his father's
death.

Ignatius Vella, deceased, was a re-
tired government railroad official and
only 59 years of age. He was a man
of education and many honorable
traits of character.

SHIPPING GRAPES BY STEAMERS EXPLAINED

Grape growers have become recon-
ciled to the fact that their crop cannot
satisfactorily be moved by refrigera-
tor cars. So Edgar Sheehan, viticul-
turist, declared recently in comment-
ing on reports that California grape
growers are arranging to equip steam-
ers with refrigerating systems to han-
dle their crop to the Atlantic sea-
board.

Sheehan said that no definite ar-
rangements have yet been made for
handling the grape crop by ship but
that work to that end was actively un-
der way. The committee of the grape
growers' association will meet in Wash-
ington the latter part of January with
the United States Shipping Board and
the Chamber of Commerce of the Un-
ited States to make more definite ar-
rangements.

Another substantial shipment of
grapes is to be made shortly from
San Francisco, according to Sheehan,
to demonstrate the practicability of
handling the fruit by steamer. Early
experiments, he said, had not been en-
tirely satisfactory but promising.

Under the old method of shipment
by boat the fruit was placed in cham-
bers with refrigerating coils to keep
the temperature down. Then when
these chambers were opened in the
tropics for ventilation the cold air
rushed out and the humid, warm air
of the outside rushed in, causing al-
most certain rot and spoilage.

The new refrigerating system is of
the ventilating type. The refrigerat-
ing coils are located all together and
the cold air is circulated through the
grapes, furnishing both ventilation
and cold.

On the new type refrigerator steam-
er, Sheehan says, the temperature can
be maintained at within two degrees
of constant. Even under favorable con-
ditions the temperature in refrigera-
tor cars often varied as much as 80
degrees, he states. In Sheehan's op-
inion the use of steamers to handle
the grape crop is not only much more
practical but more certain. This ap-
plies to all other fruit crops as well.

Commenting on the present situa-
tion Sheehan said that thousands of
dollars had been lost not only through
inability to get refrigerator cars but
even after the cars were secured due
to the fact that grapes were loaded
that were in no condition to be ship-
ped. The activities of the growers
has begun already for next year's
crop handling as it is believed much
more can be accomplished by begin-
ning the work now than waiting until
almost time for the crop to be moved
again.

Miss Marie Clewe, the trained nurse
is here caring for Mrs. Smith, mother
of Mrs. Will Clewe.

Mr. and Mrs. Wm. Granfield and
little son of San Francisco passed
through Sonoma this week and stop-
ped off to visit Mr. and Mrs. Tom
Monahan. Mrs. Granfield, a daughter
of the late Martin Muldry, was sur-
prised at the improvements and mod-
ern streets of the new Sonoma.

Of the County of Sonoma, State of California.

JOSEPH PROLETTI, Plaintiff, vs. MARY TOPETE, ANNIE TOPETE, and JOSIE M. AMEDIO, Defendants.

COMMISSIONER'S NOTICE OF SALE
C. C. P., Sec. 726

Under and by virtue of an order of sale and decree of foreclosure issued out of the Superior Court of the County of Sonoma, State of California on the 4th day of August, A. D. 1922, in the above entitled action, in said Superior Court, wherein the above-named Plaintiff obtained a judgment and decree of foreclosure against the said Defendants on the 28th day of July, A. D. 1922, which said judgment and decree was on the 1st day of August, A. D. 1922, recorded in judgment book Z of said Court, at page 33, I am commanded to sell all that certain lot, piece or parcel of land, situate, lying and being in the County of Sonoma, State of California, and bounded and described as follows:

Beginning at a point in the westerly boundary line of Lot Number Forty-Seven in said City, distant thereon 212 feet southerly from the northwest corner thereof, and running thence southerly along and with the westerly boundary line of said Lot No. 47, a distance of Sixty feet; thence at right angles easterly and parallel with the northern boundary line of said Lot No. 47, a distance of 150 feet; thence at right angles northerly and parallel with the western boundary line of said Lot No. 47, a distance of Sixty feet; thence westerly and parallel with the northern boundary line of said Lot No. 47, a distance of 150 feet in a straight line to the point of beginning, being a portion of Lot No. 47, in said City of Sonoma as the same is known, numbered and designated upon the official map or plat of said City.

And public notice is hereby given that on Monday, the 13th day of November, A. D. 1922, at 12 o'clock noon of that day, at the Fourth Street entrance of the Court House, in the County of Sonoma, State of California, I will, in obedience to said order of sale and decree of foreclosure, sell the above described property, or so much thereof as may be necessary to raise sufficient money to satisfy said judgment, with interest and costs, etc., to the highest and best bidder, for lawful money of the United States.

Dated October 18th, A. D. 1922.
JOHN M. BOYES,
Commissioner Appointed by said Court.

J. W. FORD,
Attorney for Plaintiff.
